Tasks as GITA External Evaluator

To evaluate, based on own data collection:

- Partner perspectives of the process, i.e. their involvement, progress and transnational working, project meetings, over the duration of the project

- Strengths and weaknesses of the process, as perceived by partners

- Examples of good practice of partnership working, Areas where improvements could be made

- Stakeholders perspectives on project results (output & outcome)

- Reliable Estimations on the project´s impact (based on LogFrame Matrix)

- **Lessons learnt and recommendations for future partnership working**

November 25th – 26th 2019 MHELM kick off Meeting in Chisinau

Co-funded by the
Erasmus+ Programme
of the European Union

4

Methodology of the External Evaluation

1.) Evaluation design

(defining (fine-tuning) Evaluation questions and Evaluation methodology)

2.) Data Collection

(Desk research, Monitoring of project activities, questionnaires, interviews from project partners and other stakeholders)

3.) Data Analysing

(qualitative and quantitative research)

4.) Reporting

(ongoing feedback, mid-term and Final Report)

5

Thank you

... and let´s get started!
